TWO GREAT STRIKES LOOM IN NEW YORK

NEW YORK, December 13.—(By the Associated Press)—New York's industrial horizon assumed more pessimistic outlook today. Two great strikes that would involve more than 100,000 men in the metropolitan area appeared again in background of three important labor disputes already in progress. Rumblings of wage disputes came from two quarters—railroad maintenance of way and ship craftsmen and the building trades.

Of these, the threatened walk-out in the building trades, which alone would mean nearly 100,000 men here, was pointed out as having serious possibilities. Frantic wage cuts, to be drafted tomorrow, will be fought by the union leaders declared yesterday.

A similar attempt last summer, though on a much smaller scale, was met with immediate refusal by the union.

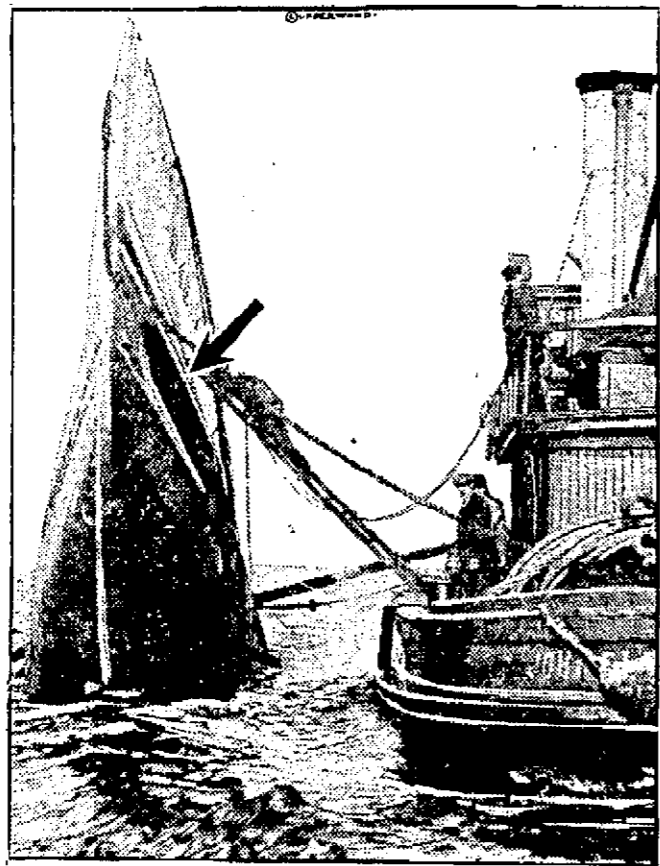

Railroad men stated their position with regard to proposed cuts by unanimously voting to demand immediate increase of about 17 per cent.

After arguments of opposing counsel yesterday, Supreme Court Justice Wagner reserved decision on the motion to make permanent a temporary injunction against the payment of wages to strikers. The government strike, called in protest against the institution of piece work by the operators, has been in progress several weeks.

In the meantime, New York's milk strike was still in progress. Police officers were riding on delivery wagons to protect the drivers. More than 1000 employees of the "big five" milkers walked out in protest against what they said was an effort on the part of employers to destroy the principle of collective bargaining in the industry.

MOBS OF WOMEN ATTACK MINERS; PELT SHERIFF WITH BREAD, BUTTER

How Crew Escaped From S-48

The crew of 41 of the U. S. submarine S-48 were trapped when it sank off Bridgeport, Conn. The men and officers crawled through the torpedo tube, indicated by arrow, when gas fumes filled the craft. The rescue boat is Standard Oil tug 28.

Rioters Seize Dinner Buckets; Throw 'Em Away

PITTSBURG, KANSAS, December 13.—(By the Associated Press)—The militant women marchers of the Kansas coal fields went into action again before daylight today and stopped miners from working at three miles of the Central Coal and Coke Company. Several motor cars were wrecked in melee and several persons were injured.

Violence featured the attack of the women this morning. This morning's crowd was larger than the mob which stormed a Jackson-Walker mine near Franklin yesterday morning. That mob was estimated at 2,000. This morning the women threw stones and red pepper. The dinner buckets of 85 working miners were seized and the contents thrown upon the miners and officers. The miners were driven away from their work.

Sheriff Milt Gould and a deputy were at Mine No. 51 when the mob reached that mine. The women paid no attention to the sheriff except to pelt him with bread and butter. The sheriff said that he would report the rioting to state officials today.

As on yesterday morning, a mob of men larger than the mob of women remained in the background. The men took no part in the attack upon the miners except a few threw rocks at the buildings as they passed along the road, trailing the women on the way to No. 48 mine.

Another mob of women stormed several mines of the Sheridan Coal Company at Mulberry this morning and stopped men at work there. Mulberry is ten miles from the Central mines stormed by women early today.

At Mulberry, however, the number of women was smaller and they were repulsed in their attacks on the Sheridan Coal Company's mines.

The women appeared again to be without leadership. They assembled beginning about 4 a. m. at a crossroads a mile from Central Mine Number 51 and the march against the working miners of the Central Company began at 5 o'clock. Reaching Mine Number 51, the women went into action at once. The men at the mine were ordered to get out. Miners arriving to go to work were seized by the enraged women, most of whom shrieked their commands in foreign languages. Some of the women carried red pepper which they threw at the workers. Virtually no damage was done to the company's property. The superintendent of the Central was the only official or employee of the company the women permitted to remain at No. 51.

Susan Glaspell Won't Follow

SUSAN GLASPELL

NEW YORK, December 13.—Susan Glaspell represents to many the modern voice of America in literature.

We met before the glowing fireplace in the hall of the Provincetown Players—where she and her husband, George Cram Cook, founded.

Reluctant to discuss herself or her achievements, she confessed contentment that her advanced and somewhat misunderstood play, "The Verge," had aroused general comment.

"I am always glad when among those who do not follow," she said modestly.

"There is very little to tell about myself except that I do work hard, I was born in Davenport, Ia., and I be-

came a newspaper woman. I obtained material for my first stories on my state house run in Des Moines.

"I came to New York to see about publishing my stories and my first book, "The Glory of the Conqueror," which was a "lost soldier." I have written two other books, but I feel that I can express my thoughts better in dramatic form."

Miss Glaspell's satire "Suppressed Desires," which is being acted in nearly all languages, was written in collaboration with her husband, George Cram Cook.

"To do my work I must feel alone," she says, "except for my husband, who is not only my inspiration but my most severe critic."

Commander McClellan wired General Bales, national adjutant of the legion, this information at the national headquarters here today.

BANDITS ROB BANK

MOUNT CLEMENS, MICH., December 13.—(By the Associated Press)—Two armed bandits this morning held up the Halfway State Bank at Halfway near here, and escaped with a sum estimated at \$13,000. The bandits fled in an automobile, heading for Detroit.

CLEVELAND, O., December 13.—(By the Associated Press)—Four masked bandits, operating in an auto in the busy shopping hours this morning, bound and gagged Lela Marston, proprietor of a jewelry store, locked him in a rear room, rifled the safe of \$1,000 in cash and escaped.

ESCAPED GUNMAN STILL AT LARGE

CHICAGO, December 13.—(By the Associated Press)—Two more clues to the line of flight of Tommy O'Connor, condemned gunman, who Sunday escaped with two companions from the Cook county jail, were given the police early today and detectives were hurriedly despatched to investigate.

A telephone call was received from the chief of police at Hartford, Wisconsin, that three men, one resembling O'Connor, had alighted from an early morning train and registered at a small hotel.

Later Edward Hanson, of Milwaukee, appeared at the police station and handed a card to Chief of Detectives Hughes, saying it had been given him by one of five men as he was about to leave Milwaukee for Chicago. On the card was written, "Don't send any one after me. I am innocent. Much obliged to Strauss. I will shoot the first man who puts his hands on me."

The escape has resulted in six separate investigations of the county jail. Every guard and official in the jail who was connected in any way with the "break," has been suspended, and officials have stated serious charges might be filed against some of the men.

The stories told by William Fogarty, a former prisoner, and Paul Gorman, now incarcerated, are due for additional investigation today. Fogarty told of "moonshine landings" in the jail basement, of the way in which he says O'Connor got his gun, and of the prison's "dope trail." It was Gorman who said he had "inside information" of the jail break some time before it took place.

Only a pardon by the governor or the president can save O'Connor from being executed if taken alive, according to Attorney Lloyd Roth formerly assistant state's attorney.

Judge Inniss, of the criminal court, Thursday asked that the clerk of the court be instructed to enter on the books that O'Connor is a fugitive from justice.

"That is all that is necessary," said Mr. Roth, "then any time O'Connor is caught, he it this week or twenty years hence, all that will be necessary will be for the court to fix the date of the hanging."

MORSE IS CHARGED WITH PLOT TO FRAUD

WASHINGTON, D. C., December 13.—(By the Associated Press)—Charles W. Morse, New York ship builder, whose transactions with the shipping board are under federal investigation, was arraigned today before U. S. Commissioner Isaac R. Holt, on a warrant charging conspiracy to defraud the United States.

The warrant was served upon Mr. Morse in Commissioner Holt's office by United States Deputy Marshal Fields. Mr. Morse pleaded not guilty, waived a hearing and furnished \$50,000 bail for his appearance before the grand jury.

The warrant upon which Mr. Morse was arraigned was issued upon complaint of Frank Burke, manager of the investigation department of the shipping board. It alleged violations of Sections 25 and 37 of the amended criminal code charging that Charles W. Morse and his sons, Erwin A., Harry F., and Benjamin W., and others conspired to defraud the United States.

The warrant sets forth that the Moroses conspired to cheat, swindle and defraud a corporation in which the United States is and was at the time, a stockholder, the Emergency Fleet Corporation, by making certain false and fraudulent statements in connection with certain contracts and claims.

It further alleged that in furtherance of said conspiracy, the Moroses presented a false statement and claim to the Emergency Fleet Corporation, and further that "to effect the object of said conspiracy the said Charles W. Morse on the fifth day of March, 1920, did present to the United States Shipping Board Emergency Fleet Corporation, a corporation which the United States is and was a stockholder, a certain worthless bank check in the amount of \$55,000."

The warrant further alleged a conspiracy in connection with the carrying away with intent to steal and purloin certain personal property of the fleet corporation, which, however, was not described.

Discuss International Conference

LONDON, December 13.—(By the Associated Press)—(Times)—The possibility of an international economic conference in Washington, which have been current here during the last few days, were the subject of comment in the London morning newspapers today. It is not assumed that such a conference has been decided upon, but the success of the arms conference has aroused hopes that the economic troubles in Europe may be settled by a similar gathering.

Connected with the rumors are more or less vague reports that Prime Minister Lloyd George and Premier Briand, of France, intend to go to Washington together after the French premier's visit here next week.

FAR EAST TREATY SIGNED BY 4 POWERS

WASHINGTON, D. C., December 13.—(By the Associated Press)—The new four power Pacific treaty was signed formally today, but the American delegates affixed their signatures subject to a written reservation that the treaty should not affect the American policy towards mandates nor cover any controversy involving a question within the domestic jurisdiction of any power.

In turn, the plenipotentiaries of the United States, Great Britain, France and Japan placed their signatures upon the treaty and later signed copies both in English and French of the American reservation.

The reservation is in two parts, the first calculated to cover temporarily the question of Yap and other mandated islands which are to be made the subject of a special treaty. The second clause declared that all questions which "according to principles of international law be exclusively within the domestic jurisdiction or the respective powers" shall be considered outside the scope of the treaty.

When the treaty will be submitted to the Senate by President Harding is uncertain, but it was indicated by administration officials today that the president saw no necessity for hastening action. There was an intimation that he might wait until the arms conference is over, or at least until it has reached a more definite position in regard to all the major issues before it.

The text of the treaty, having been published, Mr. Harding was described as taking the position that members of the Senate have every opportunity now to study the terms of the proposal and that there is no reason why it should not be immediately transferred to the treaty ratifying body in an official way.

The president is also said to feel that it will be unnecessary for him to take the treaty to the Senate in person or to transmit an extended message with it. The language of the document is regarded by Mr. Harding as speaking for itself and requiring no further explanation from the administration.

LAFOLLETTE SCORES NEW FAR EAST TREATY

WASHINGTON, D. C., December 13.—(By the Associated Press)—Declaring that the new four power Pacific treaty had "all of the infirmities of the League of Nations with none of the virtues claimed for that document," Senator LaFollette, Republican of Wisconsin, today announced in a formal statement that he was prepared to do "all in my power to prevent its ratification."

Mr. LaFollette declared that the document as it stands, binds the United States to recognize the title of Great Britain and Japan to the "vast territory" in the Pacific seized by these powers under the treaty of Versailles, which territory, he added, was divided in accordance with a secret treaty negotiated between Great Britain and Japan, prior to America's entrance into the world war.

"Under the cloak of a conference made possible by a world-wide sentiment for disarmament," the senator continued, "the diplomats representing reactionary sentiment in Great Britain, France, Japan and the United States, have hatched in secret a treaty of alliance which morally binds this country to go to war wherever the rights of either of the high contracting parties in the Pacific are threatened."

"For the United States to enter an alliance with the only great imperialist powers which survived the war, is a rash substitute for the peaceful, anti-imperialist American policy tested by a century and a quarter and based upon friendship with all nations and entangling alliances with none."

Article 2 of the Pacific treaty was described by the Wisconsin senator as a "half brother" of Article 10 of the League of Nations covenant and as binding upon the United States as it is possible to bind a country by treaty agreement to participate in whatever "efficient measures" may be deemed necessary by the powers party to the treaty.

"This treaty will no more prevent war than did the alliance consummated prior to 1914," the senator said. "It will provoke rather than prevent war, and when we ratify it we morally bind this country in advance to participate in any hostility which may arise in the Pacific, where imperialist interests are in most heated conflict."

Mr. LaFollette predicted defeat of the treaty, saying it was inconceivable

to him that the senate should consent "to such an act of treachery as the treaty contemplates."

Charged With
Criminal
Negligence

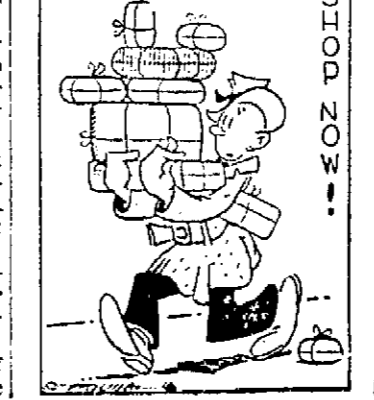

VANCOUVER, B. C., December 13.—(By the Associated Press)—W. D. Carter, provincial deputy attorney general, has ordered criminal proceedings instituted against officials of the British Mines Corporation in connection with the recent flood which cost 20 lives, according to a dispatch from Victoria last night. A coroner's jury found the company guilty of "criminal negligence."

It was alleged that an earth bank at the mine had been constructed so that it blocked the course of the stream. This fall gave way when a torrent rushed down the mountainside at Britannia Beach, eighteen miles from here, and the two were swept into the bay.

1,000 Carloads Of Steel Pass Down On Big Towboat

Back in the pioneer days when navigation of the Ohio river was in its infancy stage little did anyone dream that a cargo valued in the hundreds of thousands of dollars would some day sail the waterway.

By no stretch of imagination could any of those early settlers vision the time that such a princely shipment would float along the stream. Such a happening was as little thought of as was the invention of airplanes and the transportation of consignments by air.

Today everything is changed and that which was in those early days undreamed of or considered impossible has come into reality. Facts which would have startled the natives of the pioneer era are daily enacted now-a-days and arouse but passing comment from the twentieth century inhabitants.

Such was the comment indulged in by local rivermen Sunday afternoon when "The Transporter," a vessel of the Waters Transportation company, of Pittsburgh, pulling fifteen barges laden with manufacturing products, passed this point enroute down the Ohio river. It was without a question of doubt, the rivermen stated, the largest

and most costly cargo that has ever sailed the river. The combined money value of the ship and its flotilla of barge carriers together with the cargo, it was estimated by the local rivermen was in the neighborhood of one and a half million dollars. One thousand carloads of rail, pipe and various steel products of the Joe McLaughlin Steel company, of Pittsburgh, comprised the cargo.

The cargo was consigned to New Orleans. "The Transporter" is only to take the cargo as far as Cairo from where vessels of the United States Barge Line are to tow the barges to the destination point. A saving of \$8,000 was made by the company in shipment of the product by waterway. It was said.

Get Nerve Force from Nuxated Iron

It will strengthen your nerves and increase your vigor and endurance, often in two weeks' time. It contains the principal chemical constituent of active living nerve force in a form which most nearly resembles that in the brain and nerve cells of man. It also contains organic iron like the iron in your blood, and like the iron in spinach, lentils and apples. Organic iron enriches the blood and plenty of rich red blood means more nerve force, so that Nuxated Iron not only feeds what might be termed artificial nerve force to the nerve cells but it stimulates the blood to manufacture a greatly increased supply of new nerve force. Get a bottle of Nuxated Iron today, and if within two weeks time you do not feel that it has increased your nerve force, and made you feel better and stronger in every way, your money will be refunded. Letters From Our Readers

Editor of Times:
You certainly have the right idea in your editorial concerning the proceeds of the Tank-Smoke House game.

Football will soon give away completely to basketball, but while there is yet much "talk" of it a going—just a

few words to suggest the mistake of this year in our pathway to progress and better things in the year to come. Those things can no doubt easily be applied to both Smoke House and Tanks.

Football is essentially a college game. It's sweeping popularity has come because they are filled with the best youth of our land—colleges have year on year put into practice the highest standards of sportsmanship. Carried forward the game with the highest, cleanest, manliest type of American "fellowship."

Before the light of public opinion these things have brought widespread popularity. Football in Portsmouth is right on the edge of a boom. Backed by that class who will determine its popularity or unpopularity.

They will determine along the line of sportsmanship the type of player—the lack of either in the highest sense can only bring a rule that never fails—unpopularity.

Next season let us look to our sportsmanship. On the field the only man is the clean man—the player, apparent, dirty work so common is not football and a discredit to the game and on-lookers. It is like "throwing" the world's series and will work the same effect off the field. Let the players be men—celebrations of victory by the majority getting ranked on "white mule" and openly thus celebrating is not for the good of the game, the boys who follow after jobs they know, the institution which is back of the team.

Flagrant betting must be abolished. Where is horse racing today? What happened in baseball? Should not these be lessons.

Play for the love of the game, keep silent, the proceeds of the game if for no other reason than its effect on true sportsmanship, which is to be shown by the players. Abolish all the overdrawn, child-like, ill-fortune news publicity that would sound "undiscoverable" if said, and with true sportsmanship and manly men let the game go on as vanity men know it should.

Car Recovered; Thieves Missing

GREENUP, Ky., Dec. 13.—Following the bold robbery of J. T. Lawson's hardware store early Monday when four men obtained guns, cash registers, etc., amounting to over \$300 and about \$10 cash, the robbers made their escape in a Ford coupe belonging to J. B. Lawson, son of the hardware merchant, and were pursued by J. B. Lawson and H. G. Curry, going into Boyd county where the car was abandoned about two miles up Hoods Creek and recovered.

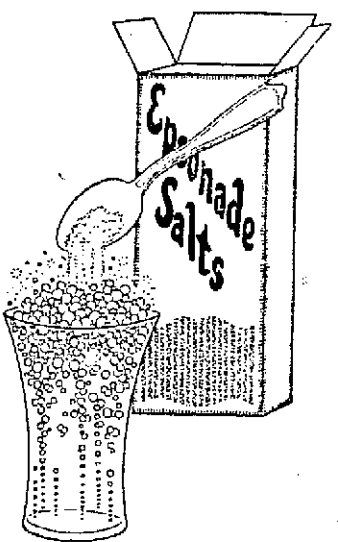

A Studebaker touring car, belonging to Rufus Vansant of Ashland, was used to bring the bandits to Greenup. They were delayed near the King Powder Company's plant, two miles above Greenup, for over two hours, on account of engine trouble, which explains the "job" being pulled off at 4 o'clock a. m.

HOLY REDEEMER CHURCH NEWS

Holy Redeemer church Sunday afternoon was the scene of beautiful and impressive ceremony of receiving for young people into the Young Ladies' Sodality. The shrine of the Blessed Virgin was decorated with many candle lights and potted plants. The forty-one candidates while kneeling at the Communion railing, in unison pronounced the act of consecration to a touching manner. The pastor then conferred upon each candidate the Medal of the Blessed Virgin. After the reception, the Young Ladies' Sodality entertained the new members with tea. The school hall was nicely decorated and furnished with tables decorated with candleabra. The parties seated at the tables were served by older members. Mrs. Samuel Horchow graciously furnished and prepared the Russia uted. In this art, Mrs. Horchow is unexcelled. Miss Martha McGuirk kindly and pleasantly rendered several vocal selections. The pastor addressed the young ladies substantially as follows: The world of men and women is ruled more by ideas than by facts. The world which is unable to give what it possesses not, willingly turns reformer to reduce lovely, lovely woman. Yet like the Washington Conference which after many days of labour produced the ridiculous mouse of an infelicitous alliance, so the selected world forms an unholy alliance of women of the Amazon, Spartan, Venus and Juno type, as models for American women. Is it not a fact that American girls are sick and tired of martial and military prowess as they are of classic female form and beauty and Soviet imperialism? Not many years ago, some Puritan was raised a line and because of the sacredness of Roman matrimony. The Roman artists in self defense pleaded they did not have enough marble to clothe the statues. History, true or false, reports that a big man in Roman Church circles, moved by an exaggerated sense of humor, ordered all the statues to be clothed with tin potatoes. The sense of humor saved the day. The Roman maidens returned to normal, human, decent dressing. Modesty became a new Roman goddess whose blunders charmed all women! After thousands of years of experience grand old Mother Church proves herself the best and wisest of Mothers. Like a good mother she is seated in the world teaching her children the old and plain lesson of Catholicism. "Take more care of the soul than of the body." The observance of modesty and effective remedy to prevent and cure all the ills of human nature. Lacordaire, the great Roman orator, one night addressing five thousand young men in Notre Dame Cathedral said: "Young men, live pure for one year. I promise you. You shall have of the Ten Commandments its full meaning. I'll say to the world, 'Keep the women of the world for one year, all men and women will not only be virgins pure and modest but also sound in mind and body and happy servants of God and man.'" "All dotted up" inside and outside as the world says, loses sight of the end and means of life and hence "there is no place to go." The soul alone is the seat of all real excellence, intellect, moral and spiritual. Man made in the image and likeness of God is free and immortal. Under the hallowed sweet influence of religion and morality blessed by the grace of God, woman is able to scale not only the heights of the moral law but also to live according to the sublime commands of the gospel, namely, voluntary chastity, voluntary poverty, and voluntary obedience, spiritual perfection which enable woman to approach nearest to the Master of Christian perfection. The well meaning world which still honestly appreciates and admires what is true, good and beautiful in human life, eloquently praises Catholic Sisterhoods whose beautiful lives are consecrated to humanity's manifold miseries, which day and night they serve without sectarian prejudice and without recompense, save a living. The cloister, hospital and school life in America are the real social centers where these women in useful, beneficent and self-sacrificing devotion work for God, and their fellow men, despite opposition of nature and Satan. Today the cancer of feminism is the danger to private virtue and public morality because it destroys natural modesty of womanhood, and perverts the gentle sex into sorry caricatures of men of the world, not of the highest character. They want to do

Want free and easy rule of the world do. They want to be men. They want to be half men and half women. They want to ape the shape and manner of men. It is impossible for women to succeed in this work. "Male and female He created them." The love of God and nature is unchangeable. In view of the fact that the world is a poor reformer and model under the hope of mankind has been redeemed. The heavens opened and blessed the earth with the woman who is the paragon model of all women until the end of time. In "our tainted nature's solitary house," Mary, the Blessed Virgin comes into this world like a new sun, beautiful as the moon at night and terrible as an army set in battle array. Mary's virginity, purity and modesty as model, wife and mother will be the mirror of all true women. From henceforth the paramount need, excellence and beauty of Mary's modesty becomes the birthright, the salvation and adornment of every woman. Without virginity, purity and modesty of woman, youth, health, strength, beauty of body and soul, and the power to reproduce the race is impossible. Mary, the woman of the world faithful to Virgin. Earth would become another paradise. The Catholic womanhood of America have a glorious mission to perform. To spread throughout the ranks of their sex the wholesome influence which the Blessed Virgin Mary first began to diffuse the virginity, purity and modesty of woman. Every Socialist by modesty, speech, dress and deportment can cooperate to restore modesty and to make known and loved Him who is modesty itself and who laid down His life on the cross to redeem the impure. He who truly knows and loves the Blessed Virgin Mary, the Mother of Christ, cannot help but know and love her Son, Jesus Christ. He who truly knows and loves Jesus Christ cannot help but know and love His Mother, the Blessed Virgin. Such a Son! Such a Mother! "What God hath joined together let no man put asunder." In spreading this love the Socialists shall not only be faithful Children of Mary but they shall be holding up before their sex, Mary, the Mirror of womanhood, who is the glory of God, the joy of the Church and the honor of Mankind.

Battle of Mikes

ST. PAUL, Minn., Dec. 13.—St. Paul's two famous Mikes Gibbons and O'Dowd—middleweight boxers, today will start tapering off in their heavy training for their ten round decision bout here on Friday night.

While Gibbons is silent regarding his plans, his followers predict he will stage another toe to toe battle.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup. It is simple and cheap, and it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 3 1/2 ounces of Pinex from any druggist, pour it into a pint bottle, and add plain granulated sugar syrup to a full pint. If you prefer, use clarified molasses, honey, or cane syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It is truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the inflamed parts, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract known throughout the world for its healing effect on membranes. Avoid disappointment by asking your druggist for "3 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. Catholics view with delight the efforts being made to give public school children some religious instructions. They hope these efforts may be successful, and the rising generation come to know Almighty God, and knowing Him, love Him and serve Him. That is why the Catholic Church builds and maintains her own schools, that her own children may have a knowledge of God.

Spratt Again Heads Ben Hurs

For the twelfth consecutive year Charles Spratt was elected Chief of Portsmouth Court Tribe of Ben Hur at Monday night's weekly session of the lodge. A large number of members turned out to take part in the election of new officers. The lodge has been steadily growing under Mr. Spratt's leadership and the membership again selected him as leader of the local Court. The other officers elected were: Edward Francisco, Past Chief; Bryan Caskey, Scribe; Constant Lake, Keeper of Tributes; Mrs. Margaret Hoerle, Treasurer; Louis Searse, Judge; Drayer Liles, Captain; Frank Young, Guide; Leona Parker, Keeper of Inner Gate; Joseph Parker, Keeper of Outer Gate; Charles Parker, Master of Ceremonies; Max Caskey, Trustee; Miss Margaret Hoerle, Pianist.

The convention committee reported practically all plans completed for the Indoor Fair to be held Nov. 19 and 20 in the lodge hall. The money realized from the Fair will be used to provide entertainment of state convention delegates next Fall. It was also announced that plans had been made for a moonlight excursion to be held May 1 on the steamer East St. Louis. Brassfield's colored orchestra furnished the music for dancing after last night's meeting.

CONFESSIONS OF A MOVIE STAR

CHAPTER XLIX—CISSY DECIDES TO QUIT THE SCREEN

"I've told May how much I need her two or three times," I began.

"Ten times," I corrected him.

"I'm pleased to know that you've counted 'em," I delighted to find that you care that little bit," Cissy was serious in spite of his fun. "Well, Mrs. Scott, I'm here to offer myself to your daughter for the eleventh time. I don't deserve her—but I've never seen the man that did."

"Neither have I," Mother dear laughed softly.

"Nor will we ever," Cissy became very serious. "Now, Mrs. Scott, I've told May all a man can tell a girl he's determined to marry. I didn't suppose I had another argument left, but I've got up this morning."

"Don't keep us waiting for it, Cissy," Mother dear liked Cissy as much as she could any man who had decided to marry her daughter. He's the handsomest man that ever smiled on a screen. His manners are distinguished; often Mother dear had wondered how he had come by his charm. He was a college man. His assets were numerous. We waited to hear what new one he had acquired.

"But if I loved Cissy," said I to my

self, "he wouldn't need any more than he possesses. Then I compared him with Dick who certainly was not an Adonis."

"I'm going to leave the movies!" Cissy's announcement shocked Mother dear and me into silence. "I've got another job!"

"I hope you're not afraid that movie production is getting slack?" said my prudent Mother dear.

"It's not that, Mrs. Scott."

"You're not—not disgusted because Dick Barnes is going to be starved?"

"Not a little bit! It's just a little inconvenience. From my uncle, He's the Cyrus Sheldon of New England, you know."

"No! I didn't know you belonged to that family, Cissy!"

It was a great name. It represented vast wealth. Everybody knew that the heir to the Sheldon millions had been killed in France. Everybody knew that the father never had recovered from the shock of his son's death. Everybody supposed that the property of the millionaire had been willed to a certain university.

And I told Cissy Sheldon—movie hero—in for the bulk of it!

And me—May Scott—movie star—

urged to share it!

"You see what it means, Mrs. Scott? May will not need to make another film!"

"She has her contract, Cissy!" Conscience dominated my Mother dear.

"I'll buy it from Mc Masters. So that's settled. I've got to buy my own. But, of course, I haven't taken that up yet. I've talked only with my lawyers. Here's a letter from my uncle's attorney. He never wrote me, himself, after I went into the movies. He swore he'd never leave me a penny. But he did, because he said it was his duty to subsidize the heir to the name."

facts of the case of the child who died. "Did you consider the trachoma operation a success?"

"Is it customary for much bleeding to follow trachoma operations?"

"Do you consider this an unusual case and just what happened to cause the death of the child?"

"Was there neglect on the part of anyone?"

"How long after the operation did the child bleed prior to removal to hospital?"

These questions were asked today of the operating physician, Dr. George B. Brown, who explained each one showing that the trachoma operation is generally a success and that the death of the child was a very unusual case.

The child was Manolis Fletcher, three year old son of Mr. and Mrs. Fletcher of Callia street, Scitoville. The child died Sunday morning after a blood transfusion from the mother failed to prolong life.

Dr. Brown says that he considered the operation for trachoma a success. In answering the second question he explained that there is no bleeding following an operation for trachoma as there is no cutting of any kind in this operation. There was no bleeding of the eyes or any part of the eyes immediately after the operation says Dr. Brown.

"This case was a very unusual one and are found about one in 5,000," says Dr. Brown. The death of the child was due to the child being what is known as a "natural bleeder," one that bleeds profusely or uncontrollably. The child bled from the ears, stomach, legs and feet, under the skin and not from the eyes, where the operation was performed.

The only neglect if there was any, seems to have been in a failure to tell the nurse or physician about the child being a natural bleeder. Knowing such a condition existed the case might have been treated differently says Dr. Brown.

According to Dr. Brown, the bleeding did not start until seven days after the operation. On the seventh day he was informed by the nurse looking after the case that the child was bleeding and he went to the home and on finding the child in a serious condition ordered it removed to the hospital.

There were several physicians who attended the child the case being one of the first of its kind to come to the attention of local physicians. Everything possible was done to stop the profuse bleeding but all efforts of the attending physicians were in vain.

The child almost four years old, was not able to walk or talk.

Lowdenback Appears In Court; Is Fined

Vernon Lowdenback, a former N. and W. car repairer, appeared in Municipal court, Tuesday, and admitted guilt of possessing a moonshine still unlawfully and Judge McCall assessed a fine of \$300 and costs.

The police in a raid on Lowdenback's home on Lincoln street, last week, uncovered a 10-gallon copper still and a quantity of mash in process of fermentation but Lowdenback was not there at the time and escaped arrest. He voluntarily appeared in court today to meet the charge.

Japs Accept 5-5-3 Plan

WASHINGTON, D. C., December 13. (By The Associated Press.)—Japan's acceptance of the American proposal for a 5-5-3 naval limitation has been communicated to the American and British delegates and it was said that an agreement might be expected late this week.

In agreeing to accept the proposed naval ratio, it was said in American quarters, Japan coupled with it a renewed request that she be allowed to retain the new battleship, Mutsu, in place of one of her old line ships which would have been retained.

May Increase River Budget

Manager W. S. Harris, of the Chamber of Commerce, has a letter from Captain Oscar F. Barrett, president of the Ohio Valley Improvement Association, stating that prospects are bright for a good sized increase in the government appropriations for river and harbor improvements.

Captain Barrett has been in Washington since the annual meeting at Evansville, Ind., endeavoring to have the budget increased. The appropriation was \$15,000,000, but an effort is being made to have this amount increased to \$20,000,000. Only a small part of this will be used in improvements on the Ohio river.

Rice Convicted

Delbert Rice, taxi driver, was convicted of reckless driving at his hearing in Municipal court Tuesday and Judge McCall imposed a penalty of \$10 and costs.

The charge against Rice grew out of a collision of a truck he was driving with the automobile of Mrs. Minnie Corriell and which occurred at Seventh and Waller streets on Dec. 3.

Cohen Held Up

At the point of a revolver, Arthur Cohen, head of the Art Dry Cleaning Company, of Cincinnati, was held up yesterday in Cincinnati and robbed of his pay roll, \$531. The footpad escaped in a machine, which his confederate had nearby the holdup.

Cohen is well known here and has relatives in Portsmouth.

Darcy Wins In Cincinnati

Jack Darcy, of Cincinnati, who out-pointed "Doc" Pelee of this city in the boxing show held at the Sun theatre last week was the winner in the semi-final at Cincinnati Monday night when the main go was between "Speedy" Sparks of Denver and Billy Ryan, of Cincinnati. Ryan landed a knockout in the second round.

Darcy fought Charley Harrington, a former boxing instructor Darcy winning in the eighth round after he had knocked Harrington down twice. Darcy had his opponent in such a state he could not continue when Harrington's seconds jumped into the ring and thereby disqualified him.

Darcy was awarded the fight here on points. Price staying with the Queen City boy for eight rounds.

Will Plan For A Dance

A called meeting of members of Progressive Camp, Royal Neighbors of America has been called for Wednesday afternoon at two o'clock the special session to be held at the home of Mrs. Laura Newman, 718 Second street. Plans for a dance will be made a tomorrow's meeting.

Rehearsing For "The Messiah"

Rehearsals are continuing at the First Presbyterian church under the direction of Mrs. J. M. Stockham, for the repetition by an augmented choir of Handel's great oratorio, "The Messiah," which will be given the Tuesday night after Christmas, December 27th. In many of the large cities in this country this oratorio has been given during the Christmas period for the past twenty or thirty years. "The Messiah" is of such a character that its rendition creates a desire to hear it again and again, and music lovers never weary of its majestic choruses and glorious arias.

It is hoped that First Church will be successful in its worthy ambition to establish the tradition of the production of "The Messiah" as one of the necessities of the Christmas season. If the rendition this Christmas be of as high an order as that of last spring, it will indeed be a tradition worthy of being perpetuated.

Mayor Addresses Selby Foremen

At the regular meeting of the Selby Superintendents and Foremen's Association last evening a talk on "Taxation" was made by Mayor William M. Gahman. He explained the ways and means the city receives taxes and how the money is divided into the different funds. The chairman of last night's meeting was Edward "Chick" Westphal, Councilman.

The usual supper was served to the members at 4:30 after which short discussions of shoe factory problems were held. A mixed quartet consisting of Miss Myrtle Zeiler, Miss Bertha Stanger, Fred Long and J. Watson Goddard rendered several popular selections. The group singing was led by Roger Selby, close to 75 taking part in the meeting.

FIRST CHRISTIAN CHURCH NEWS

What is expected to be one of the really big times in the history of the church will occur on Wednesday evening, December 21, when a farewell reception will be accorded Rev. Charles R. Oakley and family. The popular pastor expects to leave for Chicago on the morning of December 27, where he will assume the pastorate of the Jackson Boulevard church, and his parishioners do not propose to let him go until they have the opportunity of letting him know the high esteem in which he and his good family are held. To this end a program will be prepared and the evening given over to music, speeches and gifts, with refreshments for all at the close. Every minister in the city will be invited, together with some of the most prominent laymen of other churches, and unless all signs lead the reception will be a distinct success. The chairman and president of the various organizations have the program in charge, and while they will be an element of sadness in the purpose of the evening, due to the

parting of the ways and the severing of relations, it is hoped that the entire membership will participate, for it will be a climax in the successful pastorate of Rev. Oakley, who, without a doubt, is one of the most popular shepherds that ever pastored a flock in this city.

In order to show their appreciation for the many favors shown them during his seven years stay in this city, the Modern Woodmen of America and Royal Neighbors will be the guests of Rev. Charles R. Oakley at the church services next Sunday evening. The entire dance steps in the main auditorium will be reserved for the Woodmen and Neighbors, and a most interesting service is anticipated. The Woodmen will open and close the services with the rendition of their odes. Judge Nate B. Gillham will deliver the presentation speech, for it is the intention of the Woodmen and Neighbors to substantially remember Rev. Oakley, who has delivered the annual memorial address for the two orders for six consecutive years.

Brother Is Dead

Cincinnati relatives appealed to the police in a telegram received Tuesday afternoon to find James Bennett, supposed to be in this city, and advise him that his brother, Harry Bennett, died at the General Hospital there today. Anyone knowing of James Bennett's whereabouts are urged to call police headquarters without delay.

Must Keep Family

At a hearing in probate court Tuesday afternoon, Edward Hunter, Scioto Furnace young man, was convicted of failing to provide for his wife and infant child, but Judge Gilliland continued the case and gave the defendant another chance on his promise to take care of his family in the future.

To Observe American Educational Week

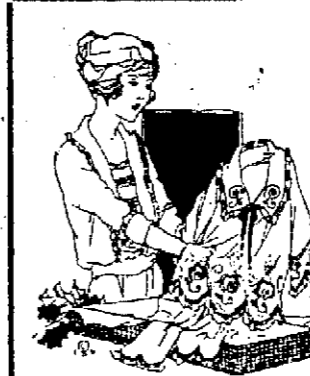

This evening at 7:30 o'clock American Education week will be observed in an impressive manner at the Holy Redeemer school hall. After the meeting the guests of the evening will be served refreshments by the ladies of the parish. The following citizens of Portsmouth will grace the occasion with their presence and deliver short addresses: Public Interest in Education—Prof. Frank Appel, Supd. of Portsmouth Schools. Children Who Need Cod Liver Oil Will Take Vinol

Because it contains no oil, but does contain all the medicinal elements which have made Cod Liver Oil famous, together with vegetable iron and other up-building ingredients especially favorable for children. Many children in this city have been restored to robust health by taking Vinol, and we ask any mother who has a delicate child to try it on our guarantee that it is perfectly harmless, and if it does not help the child the druggist will return the full purchase price.

For a hundred years the medicinal elements contained in the cod's liver and oil have been regarded as the safest and best strength and body building medicinal agents known.

Many people, however—especially children—cannot take cod liver oil because of the nauseating oil.

In Vinol they get all the medicinal value of cod liver oil and emulsions in a delicious tasting form and entirely free from oil—agreeable to the most delicate stomach—therefore it is better.

If you have a delicate child, give it Vinol. Knowing that it has helped so many other children, you owe it to the child.

Things Seen In Portsmouth

A well-known Senior getting the dates mixed when three fellows appeared Sunday evening. But everything went on lively with the exception of a few dark glances, more or less. And still some girls don't want red hair! Young lady "setting up the drinks" to three town boys in soft drink place. Four men piling in Ford runabout and motor to fronton to see football game. Eleven persons in a local restaurant and nine were intoxicated. Boy under 12 years old puffing away on a big black cigar. Married man getting in car with his affinity. And she owns said car. Well-known young man wore a great big slit in his Sunday pants while attending a meeting Sunday. He would have been in a sore predicament had not the deep folds of a noble overcoat enveloped his form, mercifully hiding from the eyes of the world this awful rent in the seat of his pantaloons. Fishing snooks, turned over on land, are being used as dwellings in East Scotland.

Christmas Seals Save Babies

Behold here ranged on the Double-Barred Cross a group of "one hundred per cent babies." Every one of these tots is fat and healthy. Their smiles alone would tell you that they don't know what illness is. They never have been ill and they have a mighty good chance to grow up into strong men and women. Help keep all babies in Ohio like this group.

"Purina" Made the Difference!

EQUAL in laying ability. But the hen on the right was fed a common grain ration while the other was fed Purina Chicken Chowder and Purina Hen Chow. Grains have lots of material for yolks, but far too little for whites. As they can't lay yolks only, grain-fed hens lay fewer eggs.

Purina Poultry Chows

form a complete ration, containing material for an equal number of whites and yolks. They get the most out of your hens, and cut the feeding cost per dozen eggs.

More Eggs Guarantee

Youngest money back! Purina Chicken Chowder and Purina Hen Chow, fed as directed, don't produce more eggs than any other ration. Why should you put off a trial when we take the risk?

BRINGING UP FATHER

WEST SIDE MURDER STILL A MYSTERY

Sheriff E. E. Rickey continues to wade through a multiplicity of clues in the unsolved West Side murder case, but is confident that one will ultimately lead to the arrest of the perpetrators of the wanton crime. He has some tangible information, but is not divulging its character.

The body of the murdered man remains unidentified in the Lynn morgue. Several persons called there last night and said the man was Isaac McKinley. Later on relatives of this man called and said the dead man was not McKinley.

Another person thought the body was that of W. T. Adams, who lives back of Vaneburg, but Adams was located at home and said that the report that he was dead in a Portsmouth morgue was "grossly exaggerated."

Rumors were afloat last night that a well known Market street man was implicated in the crime, but officials say they are worn out of the whole cloth, as the man has not even been questioned, nor is under suspicion.

The rumors gained currency, the officials say, because he sent a bloody shirt to a local laundry.

"If a person was going to commit murder, I do not believe he would take off his coat on a cold, rainy night," Sheriff Rickey told a Times man last night.

He continues to devote virtually all of his time to unravelling the mystery surrounding the murder and is confident that "pay dirt" will be uncovered as a reward for his faithful efforts.

He has this material to work on:

The dead man spent several days on Market street before being lured to his death.

He exhibited a large roll of bills.

He made friends with several West End citizens and took several drinks with them.

He spent the night in a certain house and exhibited his money in it.

He no doubt was taken to the West Side by two men as one man could not have slashed the man's throat as cleanly as it was.

With these facts available, the Sheriff is working day and night to lead out the murderers. Coroner J. D. Hendrickson is also putting in much of his time trying to work up a reasonable clue. He is investigating a rumor that a man appeared in the North End the night of the murder and flashed a roll of bills in which he said there were \$1,100.

"I was told this man did not have a cent at 5:30 of the same evening. Then at 11 o'clock he had a big roll, and I think this matter should be settled thoroughly," said the Coroner.

The Coroner also thinks that the dead man stopped at the Biggs House last March and he is making an effort to learn the man's name who shared his room with him.

Have You A Cough?

If You Catch Cold Easily or Suffer in Your Bronchial Tubes, Here's Some Good Advice

Warren, Ohio.—Dr. Pierce's Golden Medical Discovery is an excellent medicine for anyone suffering with coughs or bronchial trouble. My little boy has always had trouble with his bronchials. I have always had to be careful as he would catch cold very easily and his bronchial tubes would become congested and stopped up and a cough would follow. Not long ago I was advised to give him Dr. Pierce's Golden Medical Discovery and it has cleared up the bronchial trouble and he has not had a cold or any trouble with the air passages since and is getting along fine.—Mrs. F. E. Ernest, 41 Franklin Court.

Dr. Pierce's Golden Medical Discovery is free from alcohol and injurious drugs. You can be certain you will find it a true blood-purifier, tissue-builder, and restorative nerve tonic and that it will produce no evil after-effects. All druggists. Liquid or tablet advertisement.

Zimbalist-Mero Concert Delights Audience

Mime, Yolanda Mero, supreme mistress of the piano, and Etienne Zimbalist, violinist, were presented in a joint concert at the Columbia theatre last night as the second and last number of the artist concert given under the auspices of the Ladies Musicale.

Seldom has Portsmouth music lovers listened to a more enjoyable concert than the Mero-Zimbalist concert. Both artists won the hearts of their audience at once, and they felt that they sat in the presence of two really great artists.

The large audience which included many of the most prominent local musicians, asserted itself in the heart-winning applause accorded the two artists. The concert opened promptly at 8:35 with Zimbalist playing the Concerto in D minor.

Making his appearance on the stage last night, Zimbalist seemed more than the twenty-seven years in claims. He has a cool, but reserved stage personality, and only twice during the evening did he seem to warm up to his audience. But his playing was different. His sure musicianship, and the beautiful soft loveliness of his playing soon showed that he was the truly great artist. His opening number, the "Concerto in D minor," showed wonderful feeling. This was followed by the Andante, Adagio Religioso, and Finale Marziale, (Vieuxtemps).

Zimbalist has just the right accompanist in Harry Kaufman, a pianist of exceptional ability, who timed his playing to the minutest part, with every move of the famous violinist.

In the second part of the program, Mme. Mero made her appearance. She impressed her audience immediately with a personality and present of soulful strength and feminine grace. Her bowed head and half closed eyes betokened deep absorption in the call of the beautiful in which her listeners soon found themselves by some contagion or compulsion sharing.

She wore an elaborate black evening gown with a long train of gold brocade which showed off her wonderful arms and beautiful hands to perfection.

Her opening number included Chopin's Nocturne in D Flat; Valse in D Flat; and Etude Opus 10. The breadth and power of her last named

THEATRICAL

Beautifully cast, splendidly played, beautifully mounted and thoroughly

resented by the La Romain Stock Co. at the Sun Theatre last night.

The role of Billy Craig, a typical young farmer, is entrusted to Clyde Cole who plays it admirably. Miss Cole played the part of Marjorie Moore in a finished manner. As the inconvertible farm hand Dick Carhart does the best work of his career.

The film's share of praise for making the play what it is must be given these three capable players. The supporting cast, however, is seen to a good advantage.

The vaudeville specialties are also worthy of mention.

Babie Georgie, although only four years old, did a song and dance specialty that startled the entire audience. She was repeatedly called back by the audience who never seemed to get tired of this little entertainer.

The usual five reel photo feature is also shown.

Negroes Are Released

E. Day of Oakland, Calif., Mrs. Peter Yeager of 517 Seventh street and two stepdaughters, Mrs. Carmel Woods of 1002 Fourth street and Mrs. Charles Stillwell of 725 Fourth street, in addition to 20 grandchildren. She also leaves three brothers and one sister, Eliza Purcell of New Castle, Ind., Louis Purcell of Riverton, Ky., Ben Purcell of Boston Harbor, Michigan, and Mrs. Amanda Porter of Allen, Kansas.

The funeral services to be held from the home Wednesday afternoon at two o'clock, with Rev. C. E. Sevier, officiating in charge, will be private. Burial will be made in Greenlawn cemetery.

Mrs. Daniel Liddle

Mrs. Marie Liddle, 34, passed to everlasting rest at Hempstead hospital a six o'clock last night, death coming as a relief after being seriously ill for some time with complications which developed into pneumonia. She had been in the hospital for two weeks and her condition grew steadily worse, being very low Sunday and throughout the day Monday. As she sank slowly relatives at her bedside realized that death was near.

Her maiden name was Marie Healy and she was born in Limerick, Ireland May 23, 1887. She came to this country at the age of 17 and lived in New York for some time. Mr. and Mrs. Liddle came to this city only last October and were completely happy in their new home at 732 Ninth street when the shadow fell.

Mrs. Liddle was a good-looking woman, an ardent Catholic, before a faithful member of St. Mary's church. Her life had been one of kindly actions towards others and she will be greatly missed. She had a genial disposition, a wonderful personality that made her friends wherever she went. During her short stay in this city she made scores of friends who will hear of her passing with sincere regret.

The body will be taken to Gary, Ind. for burial.

New Goods

At Lower Wholesale Quotations

And Reductions

On Styles From Regular Kline Stocks

Two factors are constantly at work at the KLINE store, making for better VALUES. The arrival of new goods at lower wholesale prices is almost a daily occurrence. We keep our stocks moving and are thereby always in the market, ready to buy when prices take a favorable turn, thus enabling us also to show the new things at their first appearance.

The other factor that makes for still better VALUES is the frequent price reductions that go on here. Garments already in stock are reduced to meet new wholesale drops. No garment ever has time to go out of style at the KLINE STORE, because price reductions are always made while the garments are still highly popular styles.

But Please Bear In Mind, That

Price tags are NEVER CHANGED or removed at this store—the REDUCTIONS are made in the form of discounts which are taken off of the original price tag. FOR AN EXAMPLE—If the price tag calls for \$5 and the reduction is one-fifth, the new price is \$4, etc. That's all you pay.

Cantata Next Sunday Evening

On next Sunday evening the Second Presbyterian Church choir, with the assistance of a number of other vocalists, will present the cantata, "Bellicose," by Maumder. The entire service will be given over to the rendition of this most popular of Maumder's works.

Mr. H. H. Meade has been secured to take the baritone part of "Bellicose," while Mr. M. A. Langley will sing the part of "Gustav" and Mr. Harry Denton that of "Melchior." The other soloists, all of whom are favorably known to Portsmouth musicians, are Mrs. B. E. Kimble, Mrs. R. G. Gilmore, Mrs. James D. Williams, Miss Bertha Wood and Mr. Maudie Jones.

A particularly effective number will be that in which the quartet, from the Pastor's Choir, takes the parts of

the angels in heaven. As the quartet is placed well up in the organ loft, the sound of their voices as they reach the audience is wonderfully soft and sweet.

CARD OF THANKS

In the sudden sickness and death of our dear relative we wish to extend our sincerest thanks to those who so ably assisted us. And especially to all friends contributing flowers, to the Picketon Telephone Exchange Employees who were ever awake to respond to our nightly calls, to Judge Middleton, for the most excellent obituary written and read by him, and to Rev. Vernon for his kind, consoling words.

Supt. Hazlebeck Re-Elected; Gets Gloves

William C. Hazlebeck, who has been superintendent of the First Evangelical Sunday School for more than ten years, was re-elected to head that Sunday school organization at the annual meeting of the Sunday school teachers Monday evening.

The election of officers followed a splendid supper served at six o'clock. The menu included potato salad, escalloped oysters, pickles, sandwiches, coffee, ice cream and cake. Following the supper a Christmas tree load, with presents was relieved of its "burden," gifts being distributed to each and every teacher and Rev. and Mrs. Samuel Lindenmeyer. The gifts were the cause of much amusement, the committee in charge making a careful selection of presents. As one after another opened their gifts, some very appropriate outbursts of laughter filled the big room. With Fred Loney making a short speech of presentation on behalf of the teachers, Mr. Hazlebeck was given a due pair of driving

gloves. The meeting was then called to order by Superintendent Hazlebeck and officers for the coming year were elected. The officers now in charge were re-elected as follows: Superintendent, W. C. Hazlebeck; First Assistant, W. C. Hazlebeck; Second Assistant, Oscar Kahn; Recording Secretary, Mrs. L. H. Thompson; Corresponding Secretary, Miss Anna Inwood; Sunday School Treasurer, Mrs. Lucy Schleifer; Missionary Treasurer, Mrs. Lucy Schleifer; Librarian, Fred Mulder; Assistant Librarian, Howard Flowers; Carl Torgas; and Edwin Higgins; Mrs. Samuel Lindenmeyer.

The committee in charge of the successful meeting and supper last evening included Miss Martha Kiehn, Miss Margaret Torgas, Miss Lucy Scott, Mrs. Oscar Kahn and Mrs. E. W. Gills.

Christmas Seals Will Help Start Tuberculosis Clinics

One of the urgent reasons for the liberal purchase of Christmas Seals is that the proceeds of these seals will be used to establish Free Tuberculosis Clinics. Examinations in these clinics often reveal the incipient stage of this dread disease in patients. The physicians in charge in such cases can then prescribe a course of treatment and living which will prevent further progress of the disease and, in this way, many lives will be saved. Clinics of this nature are now under way. The first one was held at Circleville on October 25th and 26th and brought out 83 patients and 42 patients. Mrs. Samuel Lindenmeyer, percent of them were found to be positive cases of tuberculosis. Twenty-four of these were in the incipient stage and had never before been examined. Another clinic was held at Medina that brought out 11 patients, and on November 15th, and 16th clinics

never held at Hillsboro and Greenfield, in Highland county, and on November 22nd and 23rd at Bellefontaine. Everyone should embrace the opportunity that is given to purchase seals. War is being made on the ravages of tuberculosis and everybody should enlist. Devote some of your Christmas money to this great cause; it cannot be used for a better purpose. The women in charge of last Monday reported light sales, many people approached saying they had purchased from school pupils. The school pupils are not overlooking a single chance to sell the seals in their possession and make repeated trips to homes until they make a sale. One woman reported that 23 boys and girls had been to her home within one day. This alone shows how the school pupils are pushing the sale of seals in order to win the prizes offered to the school selling the most seals this year.

N. M. Buel, proprietor of the White Bear hotel, charged with assaulting Mrs. Bessie Keller, who conducts a grocery at 201 Second street, was dismissed by Judge McCall following a hearing in Municipal court Monday for lack of convincing evidence to support the complaint. The evidence disclosed that the trouble which occurred last Thursday grew out of Buel's tenants throwing garbage onto the sidewalk in front of the Keller grocery. Mrs. Keller charged that Buel had pushed her violently and beat her arm but he strenuously denied laying hand on her during the difficulty. He also declared the complainant started the row and was the aggressor throughout.

The offenders in Municipal court Monday were principally plain drunks gathered in by the police over Saturday night and Sunday. Several men were held in custody for intoxication, including Scott McMan, Noah Collins, Louis Sully, Harvey Cullum, James Wells and Tom Parsons were taxed the usual \$5 and costs by Judge McCall and allowed to go with a warning to be more careful in the future.

When the case of Bert Nichols, charged with assaulting Mrs. Bessie Keller, failed to appear for trial the complainant failed to appear to press the charge and the accused was dismissed by Judge McCall.

Big League Moguls Are Planning To Give Holdouts A Real Spanking And Then Force Them To Go To Bat

NEW YORK, Dec. 13.—(By the Associated Press)—Revision of the rules governing the great outdoor sport of Americans, and a general overhauling of the game were contemplated when officials of the National League of Baseball Clubs met in annual convention here today. There were no routine matters on the agenda of the ball on glove ball, but the meeting was held, but there seemed to be a general feeling of uneasiness before the meeting was adjourned.

The owners and managers professed fatigue over the annual holdout epidemic and efforts were expected to be made to arrange things that when a star player goes off in a corner and puts for more pennies it will be possible to give him a good spanking and make him go to bat. There was under consideration a new contract under which players would be signed for twelve months instead of the playing season.

John Heydler, the National League president, said he would propose the fixing of a limit on the prices to be paid minor league clubs for players sold to majors. Other officials of the league said they favored such a proposal because they were of the opinion the high prices demanded by the minors were causing dissatisfaction and were a menace to the continuance of the drafting rule.

Some of the owners declared they would propose elimination of the rule preventing world series players from performing, the clause that caused Babe Ruth, Lou Gehrig and William K. Clegg to be deprived of their world series money and to be suspended for about six weeks of the 1922 playing season. Other officials asserted their desire for a rule that would curb the use of pitch batters.

The present arrangement regarding players on the reserve list and players on an optional agreement also was discussed for amendment. The major leagues are at present permitted to carry forty men on the reserve list and eight on optional agreements. They want the limit raised, respectively, to 50 and 12.

There will be some talk, it was said, about reduction of admission prices, but some of the viscerates declared that the owners knew that the fans would pay what they asked and that they didn't expect any reduction, except perhaps for world's series games.

Miller Huggins announced today that he expected to manage the Yankees again next season and said that he would like to go to Cleveland, Boston and Kansas some time during the day.

Huggins denied any knowledge of the reported deal with Detroit involving Vach and Eklund, of Detroit, and Johnny Mitchell, the Yankee infielder. Other folks said, however, that the deal actually was in the making and that there would be a couch about it soon. Huggins said he had no intention of trading Roger Backlund for a pitcher or pitcher for pitcher.

Brooklyn's bosses were reported to be making trades and cash with Cincinnati and Pittsburgh. The Pirates were said to be willing to part with Whitford and Schmidt in exchange for Wheat and Myers. Schmidt, one of the league's best backstops, has asked to be traded, and the Superbas are known to be in the market for a pitcher, but they may consider Wheat too valuable.

With The Pugs

COLUMBUS, O., Dec. 12.—Panama Club, Columbus, middletown, knocked out Kid Patullo, of Philadelphia, in the second round of a scheduled 12 round bout here last night.

NEW ORLEANS, La., Dec. 12.—Dwayne Downey of Cleveland last night stopped Happy Littleton, of New Orleans, in the fifth round of a scheduled 15 round bout. The men are middleweights. Downey weighed 157½ pounds and Littleton 156½.

CINCINNATI, Ohio, Dec. 13.—Billy Ryan, Cincinnati welterweight, stopped "Speedy" Sparks of Lawton, Okla., in the second round of what was to have been a 10 round contest here last night. Paul Murray, Irish-American heavyweight, knocked out Tommy Ellis of Columbus, in the second round of a scheduled six round bout.

Punts And Passes

So Weston has broken off relations with the Tanks. Soon they will be playing a lone hand.

The paid admissions Sunday in Ironton did not reach 600. Where were the fans of that city?

Out of these 600 fans 500 came from Portsmouth and Weston. Apparently Weston has had enough football or the town dries can't see their way clear to pay themselves loose from a 100 round dollar.

When rosters start to flash guns they are no longer rosters. They are blackbooks.

Well, those fast-traveling Juniors probably did whiff one Ironton team. Tanks, boys.

When the Tanks pay off their high school birds there will be a deficit in the treasury.

Now year it is likely that three or four of the Weston players will be in the Blue and White lineup.

So Pleased He Passes Up Ironton

The Ironton Register says Manager Hines was pleased with the treatment accorded his Weston team in Ironton Sunday. Yes, the team was so pleased that it has broken off relations with the manager.

When fans begin pulling guns on players it is time to pass up Weston.

Dance For Tanks

Well, last passing dance was given at Ironton last night for the benefit of the Blue and White. The dance was well attended.

Jackson County Woman Burns To Death

JACKSON, Dec. 12.—Miss Mary Dawson was burned to death yesterday at her home near Freedom church, six miles out the Mabow pike. She was 77 years of age and infirm. She lived alone about a hundred yards from her brother, Alvin Dawson. He went to her home and built a wood fire in the fireplace, and also in the cook stove. About an hour later, as he was starting to Jackson he went to see if she wanted anything done. When he opened the door the room was full of smoke and his sister sat on a chair leaning over another dead, her clothing burned off. Apparently her clothing caught from the grate and she perished before she could call for help.

Jacoby Is Fined

Warren Jacoby, an employee of the Breese Manufacturing company, was found guilty of disorderly conduct at his hearing in Municipal court Tuesday and Judge McGall passed him a fine of \$10 and costs. Jacoby was taken into custody by the complaint following some trouble with his wife at their home, 417 Waller street, Monday night. The court advised the couple to patch up their troubles, but the wife declared that Jacoby had constantly abused her, slandered his earnings for drink and so frequently broke his promises to treat her better that it was impossible for her to give him another chance. The wife asserted that Jacoby had threatened to kill her and feared that if she took him back he would carry out his threat. Jacoby was ordered to stay away from her home and at the request of the wife, an officer accompanied the husband to the home to get his effects.

New York-Day-By-Day

BY O. O. MCINTYRE

NEW YORK, Dec. 12.—The epidemic new cases, off the beaten path, with French waiters being poignant sorrow in old timers who thrill to the days of places like Mike Lyons' on the Bowery. There are none of this type left in New York.

Mike ran a grocery and eatery which was the center of New York night life in the '70s. It was in the days when merchant princes lived below Fourteenth street and the music halls were in full blast.

Henry Ward Beecher and Theodore Tilton ate there. Charles A. Arthur and Theodore Roosevelt were also patrons. William C. Whitney found a delight in the place as did other money kings and there were times in the middle of 1873 when they confined their meals to beef stew and coffee.

After the theatre came Edwin Booth, Lester Wallack and Lawrence Barrett. Tony Pastor would come over with some new found stage beauty. He was the Ziegfeld of that period. Life ran high and men drank their whiskey straight. Cocktails had not come into popularly.

John L. Sullivan ate his first meal in New York at Lyons'. He was then a fine slim young lad and didn't drink a drop. From Police headquarters at 200 Mulberry street would come Inspector Ryones who established the crook "dead line" at Fulton street.

In the rear room one might find Dinky Morgan and Red Hawley, the most adroit of pickpockets, and "Tim Oates," master burglar worker, who wore a diamond on every finger. Lyons welcomed them all. His creed was that "even a bum is all right, if he isn't a bum clear through."

The Sheffield, the Bowery physician, used to have his office there, drinking red liquor and ministering to dorecties without pay. No scandal ever came to Lyons'. The front door

was never locked from the day it was opened until Lyons died in the early '80s.

A young mind reader is being exhibited in after theatre rendezvous. He reads the thought in a most miraculous way. It may be trickery but it strikes one as more. For instance I mentally told him to open a window and shout "Hurrah for Santa Claus." I told no one, nor did the young man speak to me once but he followed my thoughts. His hair bristles like the hair on the back of an angry dog when he works. He is the son of a Hungarian carpenter and makes no effort to explain his mind reading ability.

Nobody likes November. No poet has ever said a good word for "Neptune's sullen month." In New York November is particularly cheerless and now that December is here the town has taken on its winter brightness. The theatres are doing a better business. Business always slumps off in November. New York slugs with the weather. "But in these dark November days that wander wild and wet, our thoughts are whined to summer hours on breath of alkumette."

The last time a statue peddler was arrested on Forty Second street without a license it was explained to him that he must go to the city hall and get one or he would be arrested again and perhaps sent to jail. The police found him three days later. Around his neck he had a dog's license.

Alex Sullivan, a reporter on the World, now rides about in a plush limousine. His song "Georgia Rose" is said to be paying him royalties weekly in three figures. In an interview he said he wrote the words after he had enjoyed a real Dixie chicken dinner.

Plan Big Attendance For Next Sunday

At the regular monthly Congress of the officers and members of the First Christian Bible school held at the church last evening, the enthusiasm ran high and it was noted that on the Sunday before Christmas of 1920 the big school had an attendance of over 200. This compared with their 911 of last Sunday put the workers to thinking where they might pick up the other 100 to at least make their record as good as that of last year.

"Let's don't be satisfied to just come up to last year's record," said the Supt. C. M. Howard, "but let's go at least one better."

"All right," returned one of the workers, "let's make it 1023 for next Sunday." And so the slogan for next Sunday will be 1023 present at 9:30. Every teacher, every officer, every worker will be notified that they are

Treat In Store For Kiwanians

Members of the Kiwanis Club are promised a rare treat at their luncheon tomorrow at the Mary Louise, in a splendid musical program provided by Walter Davidson and his orchestra. This pleasure has been looked forward

to for some time, and an extra large attendance of the members is expected. The Kiwanis Trio which has blossomed into a quartet—Krieger, Riggles, Buckle and Davidson—is also down for several vocal numbers.

Kendall Ave Revival

Last evening in spite of the inclemency of the weather, Rev. L. N. Kayser preached a strong sermon to a fair congregation. It was of such power that one more soul found Jesus as the Saviour. Rev. Kayser took as the basis of his remarks the story of the man possessed of a legion of devils. Among other things he said: "Men possessed of the devil invariably make a lot of noise, and when such a one comes in contact with Jesus, even the demons cry out and testify that Jesus is the Christ. He showed on the other hand that the real spirit-filled man is invariably a quiet, reasonable, hard working soul who has not the time or energy to spend in making a lot of noise and leaving off steam. Some of the demons which possess men these days were, meanness, pride, weakness, selfishness and passion. Rev. Kayser will preach again tonight at 7:15 p. m. on the subject, 'The Essential of a Christian.' Come, you are welcome."

"So that is Black Mountain?" asked one of the men of a native who was passing.

"Yes, sir," replied the native. "Is there any story or legend connected with that mountain?" inquired the visitor.

"Lots of 'em," was the reply. "Two men went up that mountain once and never came back again."

"Indeed?" exclaimed the interested visitor. "What became of them?"

"Why," drawled the native, "they went down on the other side."—Junior Friend.

At The Toy Store Window

There's a row of little faces every night outside the store Where they never draw the curtain when the watchman locks the door: Zager, wistful little faces, looking at the heaps of toys That will bring a merry Christmas to a host of girls and boys. Every night they stand there watching, tall and hungry little children, borrowing a brief delight From the wonders of a Christmas which to them is just a dream. Just a swiftly passing vision of how happiness might seem. And perhaps when you have seen them, you will hunt up Santa Claus.

For they surely need somebody who knows how to plead their cause.

Santa Claus has swarms of children on his Christmas calling list. But he'll add a few names to it if you see him and insist. Help the old man out a little—he'll be glad to add your name To the fund that's investing in the spreading of delight. And these little wistful children will be grateful all the year For their share, so long denied, them, of the blessed Christmas cheer. —(Annapolis, Okla.) Statesman.

The Reason

(From the Washington Star) "I am sure you would never think of buying votes as people were accused of doing in the old days." "No," said Senator Sorghum, "I should at present regard the cost of votes as prohibitive."

Double-Barrelled Embarrassment

She was the daughter of a multi-millionaire. He was a visiting French nobleman. At least, that's what they had told each other at the season's party. And then, when she discovered that he came from her own modest little mid-West city she was here.

"But," remonstrated the French nobleman, "I brought you the evil news. I can't see why this is so very terrible. You need never see him if you don't want to."

"But I can't very well get out of it," wailed the girl, "since it appears that he's the man who collects the installment on my photograph."
